Office of the Minister

224 Legislature Building, Edmonton, Alberta, Canada T5K 2B6 403/427-3744

I take pleasure in presenting to the Members of the Legislature, municipal officials and other interested parties, the 1984 edition of the Alberta Municipal Assistance Programs. This publication is an inventory of grants and cost-sharing programs implemented for the benefit of Alberta Municipalities and other local government entities.

The material deals primarily with provincial financial assistance programs, however, certain federal programs have been included, particularly those which are co-ordinated by the province under agreement.

Basic information is provided in a concise format and the departmental contact is identified for each program. This publication is for reference purposes only and is not intended as a substitute for the Provincial Statutes, regulations or specific instructions and explanatory material issued from time to time by the various provincial government departments.

This year marks the seventh consecutive year of publishing and the eighth such issue since its inception in 1976. The material was compiled by the staff of the Municipal Services Branch, Alberta Municipal Affairs. Municipal Affairs acknowledges the valuable contribution all departments have made over the years and expresses its appreciation to all officials for their time and effort expended to complete this publication.

FOREWORD

This 1984 revised listing of Alberta Municipal Assistance programs replaces the 1983 publication in its entirety. This revised edition reflects any changes, additions or deletions to the provincial assistance programs. These additions and deletions are reflected in appendix "A" and "B". Program transfers to other or new departments and consolidations of programs are reflected in appendix "C". Although there has been little change to Alberta Transportation programs the booklet format in this publication is divided into rural and urban sections to facilitate more efficient use by rural and urban municipalities.

The various provincial grants and cost sharing programs have been compiled in this publication to provide municipal officials, government employees and the general public with concise descriptions of the numerous programs currently available to Alberta Municipalities, to other government entities and to organizations undertaking co-operative projects. Also included in this survey of available programs are those jointly funded by the Federal and Provincial governments.

The information contained in this booklet is NOT a complete inventory of the provincial assistance programs as programs for individual or non-government organizations have been specifically excluded except for some multi-faceted programs as outlined under Alberta Recreation and Parks. The primary purpose of this publication is for reference only with more detailed information to be obtained from the contact person(s) listed on each program.

AGRICULTURE

AGRICULTURAL SERVICE BOARD PROGRAM

OBJECTIVES -- To assist rural municipalities in providing agricultural services and programs for the farming public. Includes demonstrations and introductions of farm practices, conservation programs, and activities that would be difficult for the community to provide without an organized agency.

ELIGIBILITY -- This program is available to all Alberta rural municipalities.

DESCRIPTION -- Each board prepares a tentative plan outlining proposed activities in concert with department officials and subject to annual guidelines. The four major section areas are:

1. Engineering and Rural Services - in projects of administration, advisory committees, training,

2. Animal Industry projects - in areas of livestock improvement and protection,

3. Plant Industry projects - in areas of weed control, field crops, pest control, soil fertility, horticulture and tree planting,

4. Extension, Home Economics and 4H - in projects of agriculture and home making.

5. Conservation and Development Programs - soil salinity and soil erosion.

FINANCING -- Payments are made through Agriculture Service Board grant claims, based on the previously approved plan.

PROVINCIAL BUDGET	1984/85
	$4,060,000

TIME FRAME -- This is an ongoing program of the Provincial Government, the authority provided by the Agricultural Service Board Act.

AGRICULTURAL SOCIETIES CAPITAL GRANT

OBJECTIVES -- To provide agricultural services to the rural community.

ELIGIBILITY -- This program is available to all chartered Class B, C, and D Agricultural Societies within the Province who have not received this grant before.

DESCRIPTION -- This is a one-time grant that must be used for capital purposes such as construction of a building or renovations or improvements, to facilitate any programs of the Agricultural Society. The grant may also be used to retire any outstanding Agricultural Society capital debt. Application forms can be obtained from Alberta Agriculture.*

FINANCING -- The amount of the grant or aggregate of grants shall not exceed $75,000. Disbursement does not have to be done all at one time, however, no grant shall exceed 2/3 of the total cost of any capital project. The other 1/3 of the cost must be raised by the Agricultural Society.

TIME FRAME -- This is an ongoing program of the Provincial Government that was implemented in 1972. It has no known termination date.

* Agricultural Societies Capital Grants are made directly to the local associations and not to local authorities. This program description is included for information purposes only.

AGRICULTURAL SOCIETIES OPERATING GRANT

OBJECTIVES -- To alleviate part of the operating costs incurred by Agricultural Societies operating multi-purpose facilities.

ELIGIBILITY -- This program is only available to those Agricultural Societies that are actively operating their own multi-purpose facilities. Furthermore, Agricultural Societies receiving concurrent grants from another provincial department must support grant claims independently.

DESCRIPTION -- This is an annual grant which will pay a portion of the operating costs incurred by Agricultural Societies operating multi-purpose facilities. Application forms can be obtained from Alberta Agriculture.*

FINANCING -- There are two operating grants available from Alberta Agriculture depending upon the category of fair that the Agricultural Society operates.

Class B - A basic grant of $3,000 for the first day of an approved fair or exhibition; $2,000 is paid for each additional day of approved activity to a maximum of $50,000.

Class C and D - During the calendar year, 50% of the cost of insurance and utilities up to a maximum of $7,000 will be eligible for assistance under this program.

TIME FRAME -- This is an ongoing program of the Provincial Government that was implemented on April 1, 1979. It has no known termination date.

BACTERIAL RING ROT CONTROL POLICY

OBJECTIVES -- To control the pest bacterial ring rot in potatoes.

ELIGIBILITY -- Available to Alberta rural municipalities where table stock potatoes are grown commercially.

DESCRIPTION -- Bacterial ring rot is a pest by authority of the Agricultural Pests Act which must be controlled and eradicated. Each cooperating municipality will be paid an annual grant by the Department. Sufficient commercial production is required for a municipality to be eligible.

FINANCING -- A grant of $50 per potato grower plus $1 per acre of potatoes.

PROVINCIAL BUDGET	1984/85
	$22,000

TIME FRAME -- This is an ongoing program.

SEED CLEANING PLANT PROGRAM

OBJECTIVES -- To assure clean seed grain for farmers within a municipality the Department of Agriculture will, by agreement with the rural municipality or rural districts, as provided in the Agricultural Service Boards Act, assist financially in the construction, replacement or upgrading of one or more centrally located seed cleaning plants within a district.

ELIGIBILITY -- This Program is available to all Alberta rural municipalities.

DESCRIPTION -- The Department of Agriculture may accept or reject any application by a municipality for assistance. An Agricultural Service Board should be formed within the District or Districts, and be in operation to the satisfaction of the Department of Agriculture. One or more municipalities must be financially involved along with the Department of Agriculture.

FINANCING -- Involves cost sharing between the Department of Agriculture, the municipality and farmers.

PROVINCIAL BUDGET	1984/85

HORTICULTURAL INFORMATION TO HOME OWNERS AND GARDENERS

OBJECTIVES -- To assist Parks and Recreation Departments of cities to assume greater responsibility to homeowners in providing horticultural services.

ELIGIBILITY -- Available to cities that have an organized department to employ technical and professional personnel to provide the service or to cities who do not have an organized method but are willing to provide it by hiring outside personnel on a contractual basis.

DESCRIPTION -- The amount of assistance is dependent upon the actual expenditure of the program and the population of the city. The program of the city must provide horticultural information through the press, radio, and other media including telephone answering service. The department must be free to distribute the city's information number.

FINANCING -- The grant shall amount to 50% of actual expenditure in the year covered by the agreement up to a maximum as follows:

CEMETERY RESTORATION ASSISTANCE PROGRAM

OBJECTIVES -- A grant to assist in the restoration of pre-1945 inactive cemeteries or inactive sections of cemeteries that are still in use and individual graves belonging to those people who made significant contribution to the immediate locality, to the general district, or to the Province of Alberta.

ELIGIBILITY -- Grants may be applied for by:

a) a municipality which may include a city, town, village, summer village, county, municipal district, special area, or improvement district;

b) any organization that is incorporated as:

   (i) a non-profit company under the Companies Act, the Business Corporations Act or any other similar Acts in a jurisdiction outside Alberta,

   (ii) a society under the Societies Act or any similar Acts in a jurisdiction outside Alberta,

   (iii) an agricultural society under the Agricultural Societies Act,

   (iv) a congregation under the Religious Societies Lands Act, a Special Act of Alberta, or any similar Act in a jurisdiction outside Alberta,

   (v) a women's institute under the Women's Institute Act, or

   (vi) an Indian band under the Indian Act (Canada);

c) a school district;

d) a hospital district.

DESCRIPTION -- This grant is available for approved fencing, landscaping, levelling grave depressions, erecting commemorative plaques, cairns, recording data on tombstones, and providing information concerning unmarked graves. Grants may not be used for the general upgrading and maintenance of cemeteries where burials are taking place.

FINANCING -- The grant is available in the amount of 50% of approved project costs, exclusive of federal or other provincial grants, to a maximum of $2,000. Grants are available on a first-come, first-served basis to the limit of funds appropriated by the Legislature in any one fiscal year.

Municipalities and other organizations will normally be limited to one cemetery restoration project grant per year. A cemetery restoration project will normally be funded only once.

Generally, the grant will be available as follows:

a) one-half of the estimated grant at the outset of the project, and

b) the balance of the grant upon completion of the project, to the Minister's satisfaction.

HISTORICAL PUBLICATION ASSISTANCE PROGRAM

OBJECTIVES -- A grant to aid in the printing or reprinting of a specified historical publication which deals with an aspect of Alberta's natural or human resources, or other subjects deemed to be relevant to Alberta.

ELIGIBILITY -- Grants may be applied for by:

A) a municipality, which may include a city, town, summer village, county, municipal district, special area, or improvement district;

b) any organization that is incorporated as:

   (i) a non-profit company under the Companies Act, the Business Corporations Act or any other similar Acts in a jurisdiction outside Alberta,

   (ii) a society under the Societies Act or any similar Acts in a jurisdiction outside Alberta,

   (iii) an agricultural society under the Agricultural Societies Act,

   (iv) a congregation under the Religious Societies Lands Act, a Special Act of Alberta, or any similar Act in a jurisdiction outside Alberta,

   (v) a women's institute under the Women's Institute Act, or

   (vi) an Indian band under the Indian Act (Canada);

c) a school district;

d) a hospital district.

DESCRIPTION -- This program will cover a portion of the printing and editorial costs associated with the publication of local and regional histories pertaining to Alberta's natural or human history. For grant purposes, editorial work may include the following tasks:

- editing (rewriting, cutting, arranging, re-arranging),
- indexing (general, photographic, subject),
- arrangement of pre-selected pictures and articles,
- proof-reading final manuscript and the printer's proofs,
- travel costs incurred on trips to the printer's for editorial consultation.

FINANCING -- The grant is available in the amount of 10% of the printing costs and 50% of fees paid by the applicant for editorial services, to a maximum of $5,000. One-half of the eligible total grant may be applied for upon receipt of printing estimates and will be based on 10% of the printer's estimate, plus 50% of the estimated fee to be paid by the applicant for editorial services performed by a suitable qualified person(s). The balance of the grant is available upon receipt of both the printer's final invoice and the final statement of editorial fees paid and three copies of the publication. The final grant payment will then be adjusted accordingly.

DEADLINE -- Applications for funding under this program are to be submitted to Alberta Culture on or before either July 1st of January 31st in the grant year. When the volume of applications exceeds the budget allocation as approved by the Legislature in any one fiscal year, the applications will be pro-rated on the basis of the limited budget.

PROVINCIAL BUDGET	1981/82	1982/83	1983/84	1984/85
	$50,000	$151,633	$151,633	$187,853

LOCAL RESTORATION ASSISTANCE PROGRAM

OBJECTIVES -- A grant to aid in the restoration, stabilization, preservation, protection or commemorative marking of a historic resource which is primarily of local historic interest, where such a historic resource has been approved by the Minister and the governing body of the municipality as having importance and interest in relation to the history of the municipality or locality.

ELIGIBILITY -- Grants may be applied for by:

a) a municipality which may include a city, town, village, summer village, county, municipal district, special area, or improvement district;

b) any organization that is incorporated as:

   (i) a non-profit company under the Companies Act, the Business Corporations Act or any other similar Acts in a jurisdiction outside Alberta,

   (ii) a society under the Societies Act or any similar Acts in a jurisdiction outside Alberta,

   (iii) an agricultural society under the Agricultural Societies Act,

   (iv) a congregation under the Religious Societies Lands Act, a Special Act of Alberta, or any similar Act in a jurisdiction outside Alberta,

   (v) a women's institute under the Women's Institute Act, or

   (vi) an Indian band under the Indian Act (Canada);

c) a school district;

d) a hospital district.

DESCRIPTION -- This grant may be used for:

a) obtaining initial professional advice, cost estimates and the preparation of plans directly associated with the preservation of a historic resource,

b) any work to restore, stabilize, preserve or protect the original structural features,

c) the purchase, installation, repair or improvement of the electrical, mechanical, heating and plumbing systems, where, in the opinion of the Minister, such work will not detract from the historic value of the historic resource and is essential to its preservation,

d) the salvage, restoration or repair of furnishings, decorative and functional fixtures, equipment and artifacts, integral to the preservation of the historic resource,

e) work to develop the grounds of a historic resource, where, in the opinion of the Minister, such development is necessary for the restoration or protection of the historic resource, and where this will not detract from its historical value,

f) the design, construction and installation of an interpretive or commemorative plaque, cairn, sign or marker,

g) the purchase of a historic resource where it is shown to the satisfaction of the Minister that such a purchase was the only means of saving it from damage or destruction.

FINANCING -- The Local Restoration Assistance grant is available in the amount up to 50% of approved project costs, exclusive of federal or other provincial government grants to a maximum of $5,000. Municipalities and other organizations will normally be limited to one project grant per year. Any single historic resource will normally be funded only once.

Generally, the grant will be avialable as follows:

a) one-half of the estimated grant at the outset of the project, and

b) the balance of the grant at the completion of the project, to the Minister's satisfaction.

DEADLINE -- Applications for funding under this program are to be submitted to Alberta Culture on or before either April 1st or September 1st in the grant year.

All applications for funding will be adjudicated by the Historic Sites Board on the basis of merit funding criteria as outlined in the grant policy statement. Funding under this program is limited to the amount of monies appropriated by the Legislature in any one fiscal year.

LIBRARY GRANT

OBJECTIVES -- To provide Library Services to all regions of Alberta.

ELIGIBILITY -- The Minister may make the following Grants:

a) Operating grants to public libraries,

b) establishment grants payable to:

(1) i) a library system board being established under section 20 of the Libraries Act;

ii) a municipality, improvement district, special area or school authority becoming a party to an agreement under section 21 of the Libraries Act;

iii) a party to an agreement undergoing an increase in population because of annexation of land that did not belong to a party associated with that library system;

iv) a municipality, improvement district, special area or school authority becomes a party to an agreement under section 21 of the Libraries Act because there has been a change in its status.

(2) An establishment grant may not be made to a library system board with respect to the City of Edmonton, the City of Calgary or in the case of the merger of 2 or more library systems.

c) grants to assist in resource sharing and the development of bibliographic networks in Alberta.

DESCRIPTION -- An application for an annual grant shall be submitted on or before the 31st day of August the year in which the grant is to be paid. It must be accompanied by an audited financial statement of the operation of the library during preceding fiscal year. In the case of a municipal or regional library, a copy of the budget for the year in which the grants to be paid must accompany the application.

FINANCING

OPERATING GRANTS

1(1) Subject to subsection (2), the Minister may make grants under this Part to assist boards in operating libraries and providing library services.

(2) If a municipal board or library system board has received or is to receive a grant under this Part with respect to the residents within the boundaries of a community library, the community board is not eligible for a grant under this Part in the same year.

2 The Minister may make a grant to a community board that had an expenditure on the previous year, of the greater of

(a) $756, or

(b) 1.5 times the expenditure, up to maximum of $3 per capita.

3 The Minister may make a grant to the municipal board of the greater of

(a) $1,134, and

(b) an amount calculated in the ratio of 3:2 of the appropriation if the appropriation is at least $2 per capita, to a maximum of $3.85 per capita.

4 The Minister may make a grant to a library system board in an amount calculated in the ratio of 2:1 of the appropriation if the appropriation is at least $1 per capita, to a maximum of $2.57 per capita.

5 An application shall be made before August 31 of the fiscal year in which the grant is to be received.

6 Notwithstanding section 3(2) of Division 1, an application shall include

(a) the name and address of the applicant;

(b) in the case of a community board, a financial statement of the community library for the previous year audited by persons whose qualifications are satisfactory to the Minister;

(c) in the case of a municipal board or library system board, a budget for the year in which the grant is to be received and a financial statement of the municipal library of library system as the case may be, for the previous year.

7(1) Notwithstanding sections 3 and 4, if in any year the appropriation of a municipal library or library system is reduced from that of the previous year, the amount of the annual grant shall be reduced by that same amount in the following year.

7(2) Notwithstanding subsection (1), in the year in which a city becomes a party to an agreement, and if the combined appropriation for the municipal board and the library system board is at least equal to the appropriation to the municipal board in the previous year, the grant shall not be reduced.

LIBRARY SERVICES GRANT

1(1) Subject to subsections (2) and (3), the Minister may make grants in accordance with this Part.

(2) An applicant is not eligible to receive a grant under this Part more than once each fiscal year.

(3) If a municipal board or library system board has received or is to receive a grant under this Part with respect to residents within the boundaries of a community library, the community board is not eligible for a grant under this Part in the same year.

2(1) The Minister may make a grant to a municipal board or community board that receives financial assistance from an improvement district, summer village or special area, of up to 1.5 times the financial assistance received in the previous year.

(2) The total grant paid under this Part in a year in respect to an improvement district, summer village or special area shall not exceed $3.85 per resident of the improvement district, summer village or special area, as the case may be.

3(1) The Minister may make grants to library system boards that have been authorized by councils of municipalities, improvement districts or special areas, as the case may be, to provide them library service, if those municipalities, improvement districts or special areas, as the case may be:

(a) are parties to an agreement respecting the library system,

(b) do not have municipal boards, and

(c) give an appropriation to the library system board of an amount equivalent to more than $1.28 per capita.

(2) Grants under subsection (1) shall be in the amount calculated in the ratio of 3:2 of the appropriation if the average appropriation above $1.28 per capita to the library system by all the municipalities, improvement districts or special areas, referred to in subsection (1), is at least $2 per capita.

(3) A grant under subsection (1) may only be used to provide library services to public libraries within the library system.

4 An application shall be made before August 31 of the fiscal year in which the grant is to be received.

5 An application under this Part shall be made at the same time and in the same manner as an application under Part 2 and shall be accompanied by proof satisfactory to the Minister from each municipality, improvement district, summer village or special area, as the case may be, that it has authorized the library system board to apply for the grant.

ESTABLISHMENT GRANTS

2 the Minister may make an establishment grant of $10.27 per capita except in the case of a grant under section 1(1)(d) where the grant shall be $10.27 per capita less the establishment grants previously made in respect of the population residing within the boundaries of the party to an agreement.

4 An application shall be submitted within 60 days of when a library system is established, expanded or the status of a party to an agreement has changed, as the case may be.

NET WORK GRANTS

1(1) Subject to subsections (2) and (3), the Minister may make grants to libraries and boards under this Part to assist in resource sharing and the development of bibliographic networks in Alberta.

(2) The maximum grant payable to an applicant under this Part is $100,000 in a fiscal year.

(3) An applicant is not eligible to receive a grant under this Part more than once each fiscal year.

2 In addition to the requirements of section 3 of Division 1, an application shall include a copy of the agreement entered into by the applicant to engage in resource sharing activities, a report of the applicant's resource sharing activities in the previous year, and a statement of the salaries and benefits of the staff involved in the resource sharing activity during the year in which the grant is to be received.

COST-SHARED EQUIPMENT PROGRAM

OBJECTIVES -- To assist municipalities in improving their state of emergency preparedness by the procurement of special items of public safety equipment.

ELIGIBILITY -- This program is available to all Alberta municipalities.

DESCRIPTION -- Any municipality may make a proposal to Alberta Disaster Services for cost-sharing in the purchase of equipment, providing the municipality meets the following requirements:

- it has passed a Disaster Services By-law,
- it has appointed a Disaster Services Committee,
- it has appointed a Director of Municipal Disaster Services,
- it agrees to follow an emergency preparedness program developed in collaboration with the Alberta Disaster Services Agency.

Public safety equipment that may be eligible includes any item of equipment that will improve the emergency response capability of the municipality and is not readily available locally from private, commercial or public resources. It does NOT include the following items:

- self-propelled equipment, such as fire pumpers or ambulances,
- equipment that can be considered a normal requirement of the municipality,
- any item for which financial assistance is available under another government program,
- equipment purchased prior to the introduction of this program.

FINANCING -- The program provides for cost-sharing of agreed proposals, on a dollar-for-dollar matching basis, with the Provincial portion not to exceed $2,500 on any one proposal.

DISASTER ASSISTANCE PROGRAM

OBJECTIVE -- To provide financial assistance for eligible loss and damage as the result of an extraordinary event which the victim could neither prevent nor readily and generally insure against.

ELIGIBILITY -- All municipalities, individuals, institutions and businesses in Alberta.

DESCRIPTION -- A program administered by Alberta Disaster Services which may provide financial assistance to applicants for eligible unanticipated expenditures due to an emergency and/or disastrous event. Assistance is not intended to provide full compensation for loss and damage, but an assist in recovery from the occurrence. Municipalities may have total eligible extraordinary costs of emergency operations and restoration of public property considered for reimbursement.

Before loss and damages are considered for assistance, they must be deemed unusual and normally reviewed by a Disaster Assistance Committee to ensure compliance with established guidelines, as follows:

a) the losses and damage have been so devastating as to threaten the economic survival of an individual or business;

b) assistance would be in the public interest;

c) in a municipality, an unusual amount of non-insurable loss and damage has affected a number of people;

d) events causing damage or loss were extremely unusual as classified by a competent authority. For example, historical records, evaluated by Alberta Environment, indicate a weather related event may be classified as extremely unusual;

e) the health, safety or welfare of the affected citizen or citizens have been at risk;

f) persons directly affected, and/or municipal authorities, acted prudently and appropriately to protect property and minimize damage when, and if, warning was given.

FINANCING -- This program is normally funded 100% by the Provincial Government, except when the financial expenditure for any single event reaches those proportions which may qualify for cost-sharing by the Federal Government.

TIME FRAME -- This is an ongoing program that was implemented in 1973. Applications may be made at any time.

ALBERTA
ECONOMIC
DEVELOPMENT

RAILWAY FACILITY RELOCATION POLICY

OBJECTIVES -- The Province recognizes the potential developmental benefits, to Alberta's smaller cities, of access to centrally located railway land no longer required for railway operating purposes. In keeping with this recognition, the Province wishes to assist these cities in carrying out railway facility relocation projects.

BACKGROUND -- In 1975, the Province of Alberta, jointly with the federal government, sponsored railway relocation studies undertaken by Alberta cities under the Canada Rail Relocation and Crossing Act. In October, 1977, the federal government withdrew from further funding of studies and announced it had cancelled any consideration of assisting actual rail relocation projects.

The Province's involvement in railway relocation studies was shortly thereafter expanded, including an ongoing commitment to assist the implementation of viable railway relocation projects.

ELIGIBILITY CRITERIA -- The Railway Facility Relocation Policy will apply to Alberta's smaller cities who are able to demonstrate that:

1. Substantial quantifiable benefits to the urban development objectives of the city can be achieved through release of land presently occupied by railway facilities, and

2. The potential value of lands released through railway facility relocation project will make a substantial contribution to the cost of the relocation project, and

3. Existing railway facilities create a significant barrier to the provision of efficient transportation services within the city, and

4. In the view of the affected railway, the relocation of facilities is feasible in light of system-wide operational requirements, and

5. Existing railway rights of way provisions through the city are maintained under the proposed railway facility relocation project.

The Railway Facility Relocation Policy is not designed to apply to the two largest cities of Alberta, who generally have the in-house planning and financing capability of dealing with such projects, nor to Alberta towns who would not normally be able to meet the eligibility criteria of this policy.

Notwithstanding the above, the Province may, upon specific project application, determine this policy, or portions thereof, to apply to a larger city or town if such a project meets the eligibility criteria and could not proceed without the Provincial involvement provided by this policy.

THE DELIVERY PROGRAM

Part I - Studies - The Province will contribute 50% of the cost to a city, of carrying out an approved railway facility relocation feasibility study. Involvement of the affected railway, the relevant and/or local planning authority must be solicited and obtained.

Part II - Negotiations - Where the railway relocation feasibility study determines the proposed project to be viable, meeting all eligibility criteria of this program, the Province will assist the city in negotiating the concurrence of the affected railway.

Part III - Relocation Projects - Where the joint province/city negotiations with the affected railway have resulted in a mutually acceptable plan for railway facility relocation and for the sharing of costs thereof, the Province will assist the city in financing the implementation of the project. The Provincial financial contribution will be 50% of the city's costs in implementing a railway facility relocation project. The 50% Provincial cost sharing, while considered level of city and Provincial commitment to a project, may vary from project to project on the basis of the specific needs of a city and the estimated timing of returns from sales of lands released by a relocation project.

Subject to the preparation of adequate roadway and public transportation plans, and the preparation and guarantee of a suitable land-use plan for lands released by the project, the Province will jointly with the city, take an investment position in the project. The eligible urban municipality shall establish a mechanism to implement the project and to dispose, by sale or lease, of released lands.

First right of refusal on the purchase or lease of such lands shall be offered to the city and the Province, but in all cases, sales or leases shall be at the then prevailing market rates.

Revenues from the sale or lease of lands released by a railway facility relocation project will, after meeting the administrative costs of such transactions, be distributed between the city and the Province in the same ratio as each contributed to the cost of the project.

EDUCATION

EXPLANATION OF SCHOOL GRANTS

Numerous school grants that apply to all "school areas" are available from Alberta Education. These "school areas" include school districts, school divisions, counties, or a city or town having merged administration under the Municipal and School Administration Act. These grants are made possible through regulations under the School Act and the Department of Education Act.

There are, however, NO Alberta Education grants for which municipalities can directly make application. The only Alberta Education grants available must be applied for by the Board responsible for school administration.

OBJECTIVES -- To provide assistance to local authorities for the enhancement and regional development of the province's water resources and to provide corrective measures where water, in its natural state, creates conditions adverse to the public interest.

ELIGIBILITY -- This program is available to all Alberta municipalities.

DESCRIPTION -- The project must be initiated by a local authority, and a need for such a project must be established. The project must be in the public interest and provide benefits to the general public or protect public investment. Detailed project planning and consideration of all aspects of water resource and environmental management must precede implementation. The local authority initiating the project must accept the responsibility for land acquisition, and operating and maintenance costs.

Agreements are entered into between the Minister of Environment (under the Water Resources Act) and the local authorities. The project must fit within the budgetary priority for water management established by the Government.

FINANCING -- Payment is usually 75% - 25% basis (Government funding up to 75%), however this may vary depending on the type of project and the amount of public benefit derived. The local authority receives payment upon submission of an itemized account of expenditures, which can be substantiated by documents at the local authority's office.

RESOURCE RECOVERY GRANT PROGRAM

OBJECTIVES -- To encourage the recycling of marketable materials and assist in the reduction of wastes being disposed of in waste disposal sites across the Province.

ELIGIBILITY -- All municipalities in Alberta are eligible.

DESCRIPTION -- In the interests of conserving natural resources and reducing the amount of wastes necessary for disposal this grant will enable Alberta municipalities to set up equipment necessary for the storage and separation of recyclable materials (i.e. paper, glass, oil, etc.).

FINANCING -- This program is funded 100% by the Provincial Government. It includes the capital acquisition costs necessary for the purchase of required equipment.

PROVINCIAL BUDGET -- Funds are set aside each fiscal year for this and other recycling programs. There is not a budgeted amount for this program, only a ceiling on the total expenditure.

TIME FRAME -- This is an ongoing program that was implemented in 1976. Applications can be made at any time during the year.

RECLAMATION PROGRAM FOR DERELICT LAND

OBJECTIVES -- To reclaim land that has been left idle since disturbance with the objective of making it as productive as it was prior to disturbance.

ELIGIBILITY -- The land in question must be owned by a public body or must be purchased by a public body.

DESCRIPTION -- Abandoned sites considered to be eligible include:

1. Coal mines or quarries.
2. Gravel pits.
3. Garbage dumps and sewage lagoons.
4. Refinery sites or other mineral processing plants.
5. Industrial sites.
6. Irrigation canals or man-made water reservoirs.
7. Roadways, airports, railroads.

It should be clear, of course, that the intent of the reclamation fund is to improve sites that were disturbed prior to legislation and the rise of public concern over environmental problems. Recently abandoned sites will be carefully reviewed by Department staff prior to acceptance as reclamation projects.

NOTE: All the above mentioned eligible sites must be municipally owned land.

Some commonly submitted proposals which are NOT included in the program are:

1. Natural or water filled low lying areas.
2. Agricultural operations.
3. Forestry operations.
4. Removal of car body stockpiles.
5. Picking up of scattered debris.
6. Erosion control resulting from agricultural and forestry operations, and municipal or provincial projects including road building and bridge construction.

FINANCING -- Reclamation Branch of Alberta Environment assumes all responsibilities for engineering, supervision, planning, hiring and paying contractors to complete reclamation projects.

PROVINCIAL BUDGET	1981/82	1982/83	1983/84	1984/85
	$3,650,000	$5,000,000	$5,000,000	$1,891,000

TIME FRAME -- This is an ongoing program of the Provincial Government that has approval till 1986/87. Applications by municipalities can be made at any time during the year.

ALBERTA WASTE MANAGEMENT ASSISTANCE PROGRAM

OBJECTIVES -- To promote environmentally sound waste management throughout the province.

ELIGIBILITY -- Available to all rural and urban municipalities who form a regional authority consisting of two or more urban municipalities plus one or more rural municipalities.

DESCRIPTION -- The Province will provide land and capital funding for regional sanitary landfill sites or other facilities for waste management.

FINANCING -- The Province will pay 100% of the fair market value for land and lease this land to the municipality for use as a sanitary landfill. Also, the Province will pay up to 100% of the initial capital costs of the systems. Annual operating costs are the responsibility of the regional authority.

PROVINCIAL BUDGET

1981/82	1982/83	1983/84	1984/85
$2,700,000	$2,950,000	$2,950,000	$2,200,000

TIME FRAME -- This is an ongoing program of the Provincial Government that was implemented in December 1975.

ALBERTA
HOUSING

ALBERTA MUNICIPAL HOUSING INCENTIVE PROGRAM

OBJECTIVES -- To help municipalities finance the costs of growth and to promote the construction of medium density housing and economic land development.

ELIGIBILITY -- To all Alberta municipalities whose housing units that year exceed a pre-determined base rate.

DESCRIPTION -- The Alberta Municipal Housing Incentive Program is designed to assist municipalities finance the costs of growth, by providing grants from $500 to $2000 for each eligible new housing unit. The incentive will encourage the future development of affordable medium density housing, as well as more economic land use.

Grants to municipalities are based on the rate of new housing production in relation to production in previous years and the number of eligible units built. Housing production levels are measured against the base level, which is the average number of new dwellings started in a municipality over the preceding three years.

TYPES OF UNITS ELIGIBLE -- New self-contained housing units only are eligible, e.g. single family dwellings, apartments, row housing, duplexes, condominiums, mobile home sites and parks, senior citizen apartments and the addition of new rental suites to existing residential dwellings, etc. Grants are only awarded for units that meet the qualifying criteria.

QUALIFYING CRITERIA -- Eligible units must:

a) be self-contained,

b) be constructed for permanent occupancy,

c) meet the Alberta Building Code and Local Building Bylaws,

d) meet the following minimum net density* requirements.

   i) For Calgary & Edmonton
   10 units per net acre or 24.7 units per net hectare. Maximum lot size: 4400 sq. ft. or 408.7 sq. metres.

   ii) For Other Municipalities
   8 units per net acre or 19.8 units per net hectare. Maximum lot size: 5500 sq. ft. or 510.9 sq. metres.

* Net density calculations are based on net area. The net area is a parcel of contiguous land under common ownership, including associated grounds or a residential building, or buildings, provided for the private use of the occupants.

Density calculation differs between condominium and rental freehold. With condominium and rental, open spaces and rights-of-way are considered to be part of the net area. When roads are dedicated to the municipality, only then can rights-of-way be deducted. In the case of freehold, open spaces and rights-of-way are not considered to be part of the net area.

To be eligible, Mobile Home Parks must meet all qualifying criteria. Applications may be made when the sites are fully serviced and ready for units to be moved on.

FINANCING -- Grants will be awarded to the municipality in accordance with the above criteria and within the following production levels.

a) $500 per eligible unit for production in excess of 0 and up to and including 50% of the base level. (Effective January 1, 1981).

b) $1000 per eligible unit for production in excess of 50% and up to and including 75% of the base level.

c) $1500 per eligible unit for production over 75% and up to and including 100% of the base level.

d) $2000 per eligible unit for production exceeding 100% of the base level.

PROVINCIAL BUDGET	1984/85
	$10,000,000

TIME FRAME -- This program was implemented on January 1, 1980 and will terminate on June 30, 1984. Applications for starts made prior to June 30, 1984 will be accepted up to December 31, 1984.

ALBERTA
HOUSING
CORPORATION

COMMUNITY HOUSING PROGRAM

OBJECTIVES -- To provide adequate rental housing for low and moderate income families unable to secure affordable conventional accommodation.

ELIGIBILITY -- The sponsor of a Community Housing Project is normally the local municipality. The need for community housing in smaller municipalities is determined by the feasibility study undertaken by the Corporation.

DESCRIPTION -- Management and tenant selection are delegated to a local Housing Authority whose members are recommended by the local council and the Province and appointed by Provincial Ministerial Order. Priority of allocation of units to tenants depends on need as determined by income, assets, housing condition and length of time on the waiting list. The municipality applies directly to the Alberta Housing Corporation. The Alberta Housing Corporation reviews and researches submissions, and the Alberta Housing Corporation Board approves within the framework of the annual budget.

FINANCING -- The Alberta Housing Corporation is the major financial contributor to the Community Housing program supplying 100 percent of upfront capital costs for projects, through debentures written with the Alberta Investment Division of the Alberta Heritage Savings and Trust Fund. Any operating deficits are shared 50-40-10 percent (including amortization costs) by Canada Mortgage and Housing Corporation, Alberta Housing Corporation, and the Municipality respectively, in accordance with Section 44 of the National Housing Act.

PROVINCIAL BUDGET	1981/82	1982/83	1983/84	1984/85
	$74,000,000	$82,000,000	$39,000,000	$7,200,000

THE ALBERTA INDUSTRIAL LAND PROGRAM

OBJECTIVES

1. To help municipalities provide an adequate supply of land for industrial purposes, at reasonable costs.

2. To assist regional communities in attracting suitable industries.

3. To support balanced industrial growth across Alberta.

ELIGIBILITY -- Alberta municipalities demonstrating a need and demand for industrial land.

DESCRIPTION -- This program is designed in two stages: Land Banking and Land Development. It is intended to provide assistance to communities wishing to develop land or hold land for future industrial development. It complements the government's position that the decentralization of industry is essential to achieving a balanced economic growth within the Province.

Initial application for participation in the program may be made to either Alberta Housing Corporation or the Department of Tourism and Small Business. A project requires approval of the Interdepartmental Land Committee, made up of representatives from various government departments, before it can be implemented under either the Alberta Housing Corporation Land Banking or Land Development program.

FINANCING -- Alberta Housing Corporation finances 100% of the capital costs through funds provided by the Alberta Investment Division of the Alberta Heritage Savings Trust Fund.

1. Land Banking: Alberta Housing Corporation secures and holds titles to suitable lands, in accordance with the following guidelines:

   a) An agreement is made between the Corporation and the municipality whereby Alberta Housing Corporation will hold title to the land for the municipality.

   b) At any time during the term of the agreement, the municipality may request and obtain from Alberta Housing Corporation whatever portion of the bank may be necessary for development.

   c) Holding costs (i.e. survey, legal, interest, etc.) are added to the original land costs to determine the price to the municipality.

   d) Holding costs are prorated over the whole project. When any portion of the project is purchased, only the holding costs relating to that portion are paid at that time.

e) Buy-back periods in land banks vary from one to fifteen years.

f) Upon expiry of the agreement, all land remaining in the bank must be purchased by the municipality. Ideally, if future needs have been forecast accurately, there will be no land remaining in the bank.

2. Land Development: Alberta Housing Corporation purchases and develops land under a development agreement with the municipality, in accordance with the following guidelines:

a) Developed lots are sold to the municipality on a fully prepaid basis (i.e. all development costs are allocated in the purchase price of each lot).

b) Prices of the lots also reflect a prorated portion of the holding costs.

c) As a rule, the Corporation will develop only to the prevailing servicing standard of the municipality, with certain minimum standards to be observed in any case.

d) In all cases, the municipality will be responsible for sales transactions.

e) Upon expiry of the Development agreement, all unsold lots must be purchased by the municipality.

PROVINCIAL BUDGET

1981/82	1982/83	1983/84	1984/85
$15,200,000	$14,000,000	$4,700,000	$2,300,000

RESIDENTIAL LAND BANKING AND DEVELOPMENT PROGRAM

OBJECTIVES -- To assist municipalities in creating land banks for future residential development, and to assist municipalities in the provision of serviced residential lots.

ELIGIBILITY -- Alberta municipalities demonstrating a need and demand for residential land.

DESCRIPTION -- This program is designed in two stages: Land Banking and Land Development. It is intended to provide assistance to communities wishing to develop land for needed purposes or to hold land for future residential development.

FINANCING -- Alberta Housing Corporation finances 100% of capital costs through funds provided by the Alberta Investment Division of the Alberta Heritage Savings Trust Fund.

1. Land Banking: Alberta Housing Corporation secures and holds titles to suitable lands, in accordance with the following guidelines:

   a) An agreement is made between the Corporation and the municipality whereby Alberta Housing Corporation will hold title to the land for the municipality.

   b) At any time during the term of the agreement, the municipality may request and obtain from Alberta Housing Corporation whatever portion of the bank may be necessary for development.

   e) Buy-back periods may range up to fifteen years.

   f) Upon expiry of the agreement, all land remaining in the bank must be purchased by the municipality. Ideally, if future needs have been forecast accurately, there will be no land remaining in the bank.

2. Land Development: Alberta Housing Corporation purchases and develops land under a development agreement with the municipality, in accordance with the following guidelines:

   a) Developed lots are sold to the public or to contractors on a fully prepaid basis (i.e. all development costs are allocated in the purchase price of each lot).

b) Prices of the lots also reflect a prorated portion of the holding costs.

c) As a rule, the Corporation will develop only to the prevailing servicing standards of the municipality, with certain minimum standards to be observed in any case.

d) In all cases, the Alberta Housing Corporation will be responsible for sales transactions. The municipality may be empowered to handle the initial stage of lot sales.

e) Upon expiry of the agreement, all unsold lots must be purchased by the municipality.

SENIOR CITIZEN LODGE PROGRAM

OBJECTIVES -- This program provides housing for senior citizens of Alberta who no longer wish to maintain an independent lifestyle. Lodges are located not only in cities, but also in rural areas so that senior citizens may remain in or near the community in which they have lived.

ELIGIBILITY -- The sponsor for a lodge is the Municipal Foundation in the area.

DESCRIPTION --This program is intended for senior citizens who are in good health and able to care for themselves without daily medical attention. For this reason medical facilities are not provided in the building. However, the location of lodges is always planned for the best possible access to medical, transportation, shopping and recreational services. Rent, which is fixed at an affordable rate by the Provincial Government, covers meals and housekeeping services.

After construction, the administrative and financial responsibility of each lodge is vested in the local Foundation. The management group selected by the Foundation hires the staff for the lodge, handles applications, selects tenants and manages daily operations. Sponsoring groups must submit application forms to Alberta Housing Corporation. Alberta Housing Corporation reviews and researches the submission and the Alberta Housing Corporation Board approves within the framework of the annual budget.

FINANCING -- Alberta Housing Corporation finances 100% of the capital costs including all furnishings and equipment through funds provided by the Alberta Investment Division of the Alberta Heritage Savings Trust Fund. Once constructed, the Foundation becomes responsible for all operating costs.

Foundations may receive grants to help offset operating deficits through the Lodge Assistance Program.

PROVINCIAL BUDGET	1981/82	1982/83	1983/84	1984/85
	$15,300,000	$26,500,000	$10,200,000	$5,500,000

SENIOR CITIZEN SELF-CONTAINED PROGRAM

OBJECTIVES -- To provide senior citizens with affordable apartment-like accommodation in or near the communities in which they live.

ELIGIBILITY -- The sponsor of a self-contained project may be a non-profit organization which includes a municipality, a foundation or an organization constituted exclusively for charitable or benevolent purposes.

DESCRIPTION -- A non-profit society must be registered under The Societies Act of Alberta, and can include church groups, service clubs and other organizations. The sponsor is responsible for collecting information on the need for self-contained units in their area and contacting the Alberta Housing Corporation. It is also responsible for the management and maintenance once the project is constructed. Individuals apply directly to the facility for admittance.

Tenants must meet minimum requirements for acceptance. One year residency in Alberta immediately prior to application or ten years previous residency in Alberta is required. Allocation of units to tenants is priorized according to income, assets, housing condition and length of time on waiting list. Rent is based on 25% of a tenants income.

FINANCING -- Alberta Housing Corporation finances 100% of capital costs through funds provided by the Alberta Investment Division of the Alberta Heritage Savings Trust Fund. Operating deficits are shared 50/50 by Canada Mortgage and Housing Corporation and Alberta Housing Corporation or paid 100% by the Alberta Housing Corporation.

LODGE ASSISTANCE PROGRAM

OBJECTIVES -- The Lodge Assistance Program provides financial assistance to lodge foundations to reduce lodge operating deficits thereby reducing the contributions required by the member municipalities of respective Foundations.

ELIGIBILITY -- Any foundations or municipalities who operate senior citizens lodges pursuant to Section 9 of the Senior Citizens Housing Act are eligible for assistance if an operating deficit occurs.

DESCRIPTION -- Any foundation or municipality applying for the Lodge Assistance Grant is required to submit an audited financial statement of the lodges operating costs to Alberta Housing Corporation. In addition, the foundation/municipality must complete an application showing the latest equalized assessments of all the contributing municipalities.

FINANCING -- Assistance is provided in the form of a grant from Alberta Housing Corporation. The amount of assistance is determined on the basis of the documented financial statements of the lodge and the latest equalized assessment of the foundation as follows:

a) For those foundations which have a large tax base and whose deficits are under one mill equalized assessment, the Corporation will finance 25% of the deficits, but the Corporation will not cost share the portion of deficits that is over 30% of total expenditures.

b) For those foundations with deficits equal to or greater than one mill equalized assessment, the Corporation will finance 50% of the deficits, but the Corporation will not cost share the portion of the deficit that is over 30% of total expenditures.

PROVINCIAL BUDGET	1981/82	1982/83	1983/84	1984/85
	$2,150,000	$2,500,000	$3,140,000	$4,600,000

ALBERTA HOME MORTGAGE CORPORATION

REVOLVING TRUNK SERVICING PROGRAM

OBJECTIVES -- To ensure a long term supply of serviced lots is available and to reduce the financial burden on municipalities by providing funds for the construction of major trunk lines to be used primarily for residential subdivisions in Alberta.

ELIGIBILITY -- All Alberta municipalities or any Alberta municipality jointly with qualified land developing companies registered in Alberta.

DESCRIPTION -- Priority will be given to those municipalities experiencing a shortage of adequately serviced developable lands. Eligible items for projects are offsite or oversized water and sewer facilities in the following categories:

a) water trunks, pressure booster stations and distribution reservoirs.

b) storm sewer trunks and major storm management facilities (retention and detention ponds, storm lift stations).

c) sanitary sewer trunks and lift stations.

FINANCING -- Subject to the execution of a Master Agreement between Alberta Home Mortgage Corporation and the municipality and, if applicable, the developer, Alberta Home Mortgage Corporation will construct and initially own the facilities. The Master Agreement establishes, among other things:

- The maximum capital cost to be funded by Alberta Home Mortgage Corporation.
- The developable hectares within the benefiting area.
- The term for repayment of the capital cost and the financing charges.
- The municipality's obligation to purchase a minimum 50% interest in the facility within a 10 year period. This obligation is offset by guarantees of the major land owners within the benefiting area.
- The applicant's (municipality or developer) responsibility to negotiate rights-of-way for constructing the approved facilities on behalf of Alberta Home Mortgage Corporation.
- The municipality's responsibility to purchase a proportional undivided interest in the facility prior to issuing a Development and Servicing Agreement for land within the benefiting area.

SUMMER TEMPORARY EMPLOYMENT PROGRAM (S.T.E.P.)

COMMUNITY EMPLOYMENT ELEMENT

OBJECTIVES -- To provide employment opportunities for Alberta youth on project activities of designated community authorities during the summer months.

ELIGIBILITY -- This program element is available to the municipal governments of cities, towns, villages, summer villages, municipal districts, and counties, as well as Indian Bands and Metis Settlements, incorporated non-profit organizations, remote and isolated communities, school bands, regional recreation boards and publicly funded organizations.

DESCRIPTION -- This program operates on year-by-year basis and may or may not operate each summer. As the program element is implemented, the municipal authorities are invited to submit proposals to Alberta Manpower. Upon approval of the project the municipality hires the youth required to carry out the project activities and pays them directly. The municipal authority subsequently submits a reimbursement claim to recover wages paid, within the limits of the program.

FINANCING -- Funding is usually provided through a special warrant process. The funding provided is allocated on an equitable basis to all 15 census divisions within Alberta.

PROVINCIAL FUNDING ALLOCATION	1984/85
COMMUNITY EMPLOYMENT ELEMENT	$9,000,000

TIME FRAME -- This program cannot be considered to be an ongoing program. For this reason deadlines dates for applications are provided in the letter inviting municipal government participation.

MUNICIPAL AFFAIRS

MUNICIPAL ANNIVERSARY RECOGNITION PROGRAM

OBJECTIVES -- To provide $1,000 or 10¢ per capita, whichever is greatest, to assist each municipality in recognizing the 50th anniversary of its incorporation and at 25 year intervals thereafter.

ELIGIBILITY -- This program applies to all municipalities and each will receive the special assistance automatically in the relevant years. No application will be required.

DESCRIPTION -- To provide $1,000 or 10¢ per capita, whichever is greatest, to assist each municipality in recognizing the 50th anniversary of its incorporation and at 25 year intervals thereafter.

The assistance will be unconditional and so may be used to sponsor activities or for any other project the council believes appropriate. In case where a municipality has more than one date which might be celebrated, for example, original incorporation as a village then later as a town, the council may select which date is to be celebrated for the municipality. Incorporation dates are available from, and notice of which date selected should be provided to the Department of Municipal Affairs.

FINANCING -- The Provincial Government will provide the $1,000 or 10¢ per capita, whichever is greatest, automatically, no application is required.

PROVINCIAL BUDGET -- As required.

TIME FRAME -- This program was implemented May 17, 1982 and is an ongoing program of the Provincial Government. It has no known termination date.

INTEREST STABILIZATION GRANT

OBJECTIVES -- To stabilize interest charges on capital debentures issued by the Alberta Municipal Finance Corporation and Alberta Treasury.

ELIGIBILITY

1. Debentures issued under authority of by-laws for which the local Authorities Board Certificate of Approval is dated March 28, 1983 or later will not be eligible for subsidy.

2. Debentures issued after March 31, 1982 will be subsidized for the first five years from date of debenture issue with the regular Alberta Municipal Finance Corporation rate being paid after five years.

3. All debentures must be issued prior to March 31, 1985 to receive subsidy.

DESCRIPTION -- Alberta municipalities need not apply for this grant. This program is administered directly by the Department of Municipal Affairs.

FINANCING -- The grant is paid each year in the month that the payment on the debenture becomes due. Payment is made in a calendar year not the government fiscal year.

PROPERTY TAX REDUCTION BENEFITS

OBJECTIVES -- To reduce the burden of property taxes on residential properties and farmland.

ELIGIBILITY --Certain properties including single and multi-family residences, mobile homes and most farmland properties are eligible when determined to be the owners principal residence.

DESCRIPTION -- A combined benefit exists whereby homeowners, without applying, have their entire Provincial Education Tax paid by the Provincial Government and dependent on qualifications may be eligible for an additional reduction to be applied against their municipal taxes. This additional reduction is known as the Homeowner Refund and is calculated as the difference between $200 or municipal taxes whichever is less and the Provincial Education Tax. The benefit for homeowners over 65 years, widow/widowers' (60-64 years) whose deceased spouse was at least 65 and widow/widowers receiving a widows pension under the Widows Pension Act is calculated as the difference between $1,000 or municipal taxes whichever is less and the Provincial Education Tax.

FINANCING -- The Provincial Government appropriates into the school foundation fund 100% of the total allowable school tax credits for that year.

The Provincial Government advances 80% of expected property tax reduction benefits (homeowners refunds) prior to program commencement and continually reimburses all homeowner refunds in excess of this prepaid amount. An administration fee per application, is paid to the municipality ongoing, as benefits are reimbursed.

ALBERTA PUBLIC WORKS,
SUPPLY and SERVICES

GRANTS-IN-LIEU OF TAXES

OBJECTIVES -- To assist municipalities in meeting their financial commitments.

ELIGIBILITY -- This program is available to all cities, towns, villages, counties, municipal districts, improvement districts and special areas.

DESCRIPTION -- Any municipality witnin which Crown property is situated may apply each year to Alberta Public Works, Supply and Services for a grant-in-lieu of taxes in respect of that property. The assessor shall prepare a valuation of all affected lands and improvements within the municipality subject to the guidelines of the Municipal and Provincial Properties Valuation Act. The amount of the grant will not exceed the amount that would be recoverable by the municipality if the Crown property within the municipality was subject to the municipal tax for that year. A municipality is not automatically entitled by right to this grant.

FINANCING -- The taxes that would have been payable are to be based on the assessed nature of the property times the mill rate levied for the tax year. Applications, from taxing authorities, for grants-in-lieu of taxes will be considered and payments made subject to the provisions of the Crown Property Municipal Grants Act.

TIME FRAME -- This is a continuing program subject to the Crown Property Municipal Grants Act that application be submitted each year.

ALBERTA RECREATION
and PARKS

MAJOR CULTURAL/RECREATIONAL FACILITY DEVELOPMENT PROGRAM

OBJECTIVES -- This program is designed to encourage and support shared cost contribution for the development of major public recreation/cultural facilities.

ELIGIBILITY -- This grant is available to all Alberta municipalities, and to some Societies and Volunteer Organizations upon endorsement by their municipality.

DESCRIPTION -- This is a program designed to construct or improve existing cultural/recreational facilities. A maximum of 75% of eligible funding can be used for development of recreation facilities. As well, up to 50% may be used for debt retirement against existing cultural/recreational facilities. A five-year Recreational Services Master Plan must be developed incorporating a five-year operating budget, capital budget, a source of matching funds, project drawings, site plan, why the project is needed, and any agreements and by-laws.

FINANCING -- The maximum funding limit is $100 per capita. The $100 per capita assistance will be based on the maximum (annual) population of a municipality during the ten-year period (1975-84), as released by the Department of Municipal Affairs. The Province will provide up to 50% of approved project costs within the funding limit.

PROVINCIAL BUDGET	1983/84	1984/85
	$20,000,000	$20,000,000

TIME FRAME -- This program was implemented on April 1, 1975 and will terminate on December 31, 1984. Applications will be accepted until this date.

PROJECT CO-OPERATION

OBJECTIVES -- To support and encourage co-operative efforts between municipalities and community organizations in the planning and development of Recreation programs, facilities and services.

ELIGIBILITY -- Available to all incorporated municipalities.

DESCRIPTION -- The following categories and examples are indicative of the projects that may be planned:

1. Professional plans and specifications of cultural/recreational facilities such as an art gallery or children's playground.

2. Development of a cultural/recreational facility or renovations to existing facilities such as swimming pool enclosure or a craft workshop.

3. The purchase of land for a cultural/recreational facility such as a fitness trail or auditorium.

4. The clearing or preparation of land for the development of a cultural/recreational facility such as an amphitheatre or lawn-bowling green.

5. Retirement of capital debt.

6. Purchase of long-term equipment such as ski-tow bar.

FINANCING -- Each incorporated municipality is eligible to receive a basic grant of five hundred dollars ($500). In the case of an Improvement District or Special Area the basic assistance will be $500 per Recreation Board (as recognized by the Improvement District or Special Area) and will be paid directly to the Recreation Board. An additional $1.65 per capita is available, comprised of the following components:

a) Municipal Assistance - $0.50 per capita for each municipality.

b) Community Service Organization - $0.50 per capita to any incorporated community organization, service club, group or agency provided they contribute not less than the amount of the grant.

c) Regional Recreational Incentive - $0.65 per capita is available to municipalities with a population under 15,000 where two or more municipalities agree to pool resources to provide a service or facility, or

Community School Incentive - $0.65 per capita to municipalities with a population over 15,000 to encourage the use of school facilities by the community. Where a school board and a municipality agree to provide the services to be used by the school and the community, the grant may be obtained to defray expenses such as janitorial, supervisory and program costs or to increase the utility of school facilities for community programs.

ALBERTA TOURISM and SMALL BUSINESS

ALBERTA LOCATIONS PROGRAMMING

OBJECTIVES -- To assist communities throughout Alberta in achieving a viable, long-term economic base by attracting new business and industries.

ELIGIBILITY -- Alberta Locations Programming Parts 1 through 4 and Part 6, are eligible to all municipalities. Eligibility for Part 5 is available to the councils of all Alberta Municipalities with less than 75,000 residents. The communities must also be able to accommodate the potential new business or industry at the time of application.

DESCRIPTION -- The program is designed to help new and expanding businesses choose suitable site locations within Alberta. The program provides the following pertinent information and professional consultation:

Part 1 **Community Profiles**
This series of publications contains demographic, economic and statistical data on cities, towns and villages in Alberta. Available in limited quantities to interested parties and distributed to communities throughout Alberta. Reference sets can be found in Regional Offices and major libraries.

Part 2 **Investment Data Sheets**
A series of basic facts and comparisons concerning the current business climate in Alberta.

Part 3 **Industrial Land Inventory**
A compilation of basic facts on available industrial land in Alberta.

Part 4 **Locations Assistance**
A personal and confidential consultation service providing reliable information on the business and investment climate of Alberta.

Part 5 **Financial Assistance to Municipalities**
Funding is available to communities to offset costs of bringing prospective investors to view business sites and assess the location advantages.

Part 6 **Trade Show Participation**
Representatives of the Regional Business Development Branch attend as well as participate in a number of selected local, national and international trade shows to promote the advantages of locating a business or industry in Alberta and prospect for new investors.

FINANCING -- Financial assistance is available as in Part 5 above.

TIME FRAME -- The Alberta Locations Program is an ongoing program of Alberta Tourism and Small Business.

ALBERTA OPPORTUNITY ADVERTISING PROGRAM

OBJECTIVES -- To give municipal councils and chambers of commerce an opportunity to advertise the kinds of businesses they are interested in attracting.

ELIGIBILITY -- This program is available to the councils of all Alberta municipalities with less that 75,000 residents.

DESCRIPTION -- The Regional Business Development Branch runs a series of ads in the Business Opportunities section of newspapers across Alberta. These ads, headlined "Opportunities for Small Business in Alberta", are designed to give municipal councils and chambers of commerce an opportunity to advertise the kinds of businesses they are interested in attracting.

The success of the business opportunities listed in the advertising program are the responsibility of the individuals expressing interest in establishing them. We provide background information and counselling to help the small business person get off to a good start.

Copies of all advertisements are kept on file in the regional business development offices throughout Alberta and are available upon request.

TIME FRAME -- The Alberta Opportunity Advertising Program is an ongoing program of Alberta Tourism and Small Business.

ALBERTA COMMUNITY ECONOMIC DEVELOPMENT PROGRAM

OBJECTIVES -- To assist communities to establish a solid economic base.

ELIGIBILITY -- This program is available to communities across Alberta.

DESCRIPTION -- Alberta Tourism and Small Business representatives work and live in the areas they serve. Their responsibility is to help the communities within their regional boundaries establish a solid economic base. Working in co-operation with municipal officials, business organizations and various government departments and agencies, our representatives develop programs for the expansion of existing businesses and attraction of new enterprises to the area.

A major role the Business Development representative plays in helping communities develop their economic potential is the establishing of economic development committees. These committees consists of municipal officials, business people and interested community representatives and are set up to study the area, develop viable programs and put plans into action so that goals and objectives can be achieved within reasonable time frames.

TIME FRAME -- This is an ongoing program of Alberta Tourism and Small Business.

URBAN TRANSPORTATION PROGRAM

OBJECTIVES

1. To promote long-term planning and implementation of cost-effective, balanced urban transportation systems, taking into consideration equity, efficiency, safety and environmental factors.

2. To respond to urban needs and facilitate dynamic, balanced and diversified economic and social development throughout the whole of the Province by providing financially sound provincial support for urban transportation.

3. To participate with cities in the planning and financial responsibility for those elements of the urban transportation system which are a mutual concern as a vital link in a total provincial transportation system.

ELIGIBILITY -- The grants in this Program are provided to financially assist the 13 incorporated cities. In addition, the County of Strathcona (Sherwood Park) is eligible for the Public Transit Capital and Grant-in-Lieu of Public Transit Operating Grants.

DESCRIPTION -- This Program consists of eight grants:

1. Public Transit Capital.
2. Arterial Roadway Capital.
3. Transportation Systems Management.
4. Major Continuous Corridors.
5. Railway/Highway Grade Separation Structure.
6. Grant-in-Lieu of Public Transit Operating.
7. Primary Highway Maintenance.
8. Research and Development.

Details of each of these grants are provided individually following this summary.

The eight grants can be grouped according to the types of administrative procedures which are applied, as follows:

1. Grants administered under the terms of conditional grant agreements

   - Public Transit Capital. ---------- One agreement
   - Arterial Roadway. ---------- covers these
   - Transportation Systems Management. -------- three programs
   - Major Continuous Corridors.
   - Railway/Highway Grade Separation Structure.

2. Unconditional grants

   - Grant-in-Lieu of Public Transit Operating.
   - Primary Highway Maintenance.

3. Project Grant

- Research and Development.

FINANCING -- Over 924 million dollars has been committed over the six years of the Program.

TIME FRAME -- This Program was implemented on April 1, 1979 and continues to March 31, 1985.

PUBLIC TRANSIT CAPITAL

OBJECTIVES

1. To improve the quality of life in urban areas by assisting municipalities in the provision of mobility for urban residents who, by choice or by necessity, utilize public transit.

2. To assist urban municipalities in providing efficient and cost-effective public transit services.

ELIGIBILITY -- This grant is available to the 13 incorporated cities in Alberta, plus the County of Strathcona (Sherwood Park).

DESCRIPTION -- Eligible urban areas which currently operate public transit systems receive funds on a cost-shareable basis of up to 100% of the maximum amount granted annually under this grant, to assist in the cost of constructing transit facilities such as approved LRT lines and transit vehicle storage and maintenance facilities, or purchasing transit rolling stock and other equipment.

Those cities not presently operating public transit systems receive funds under this grant which may be used to establish systems in the future, when warranted.

Cities who wish to, may transfer Public Transit Capital funds for use on current approved roadway improvements.

As at the end of fiscal year 1984/85, the Province has committed $256,728,000 to Public Transit projects.

FINANCING -- Levels of funding for the Public Transit Capital Grant have been set as follows over the six years of the current program.

PROVINCIAL BUDGET

1979/80	1980/81	1981/82
$27,064,000	$36,449,000	$42,664,000

ARTERIAL ROADWAY CAPITAL

OBJECTIVES

1. To financially assist in the development of major arterial roadways which are extensions of, or directly support, the provincial primary highway system.

2. To encourage and financially assist in the development of adequate intra-urban route continuity and to facilitate the efficient movement of people and goods within cities.

ELIGIBILITY -- This grant is available to the 13 incorporated cities in Alberta.

DESCRIPTION -- The Province contributes two-thirds of the shareable costs incurred by a city in the planning, right-of-way acquisition and construction phases of approved major arterial roadway projects (to the maximum amount granted annually).

As at the end of fiscal year 1984/85, the Province has committed $233,188,000 to Arterial Roadway projects.

FINANCING -- Levels of funding for the Arterial Roadway Capital Grant have been set as follows over the six years of the current Program.

PROVINCIAL BUDGET

1979/80	1980/81	1981/82
$27,000,000	$30,747,000	$38,430,000

TRANSPORTATION SYSTEMS MANAGEMENT

OBJECTIVES -- To assist cities in implementing cost-effective improvements to maximize the efficiency and capacity of their existing urban transportation systems. These improvements are supported as an alternate and/or interim solution to delay high-cost capital construction projects.

ELIGIBILITY -- This grant is available to the 13 incorporated cities in Alberta.

DESCRIPTION -- The Province contributes two-thirds of the shareable costs on approved projects (to the maximum granted annually).

As at the end of fiscal year 1984/85, the Province has committed $17,487,000 to Transportation Systems Management projects.

FINANCING -- Levels of funding for the Transportation Systems Management Grant have been set as follows over the six years of the current program.

PROVINCIAL BUDGET	1979/80	1980/81	1981/82
	$1,500,000	$2,533,000	$3,079,000

MAJOR CONTINUOUS CORRIDORS

OBJECTIVES -- To financially assist in the planning and construction of one continuous high-standard roadway of provincial priority and local importance through approved cities.

ELIGIBILITY -- The incorporated cities in Alberta are eligible to apply for this grant. The City of Fort McMurray is currently excluded because its one primary highway is being upgraded and maintained by the Province, under a special agreement. The City of Leduc is also excluded as the Province has retained responsibility for Highway 2.

DESCRIPTION -- The Province provides 90% of approved costs up to a maximum specified for each project. The maximum provincial share is established on a project-by-project basis.

As at the end of the fiscal year 1983/84, the Province has committed $250,090,897 to corridor projects in 7 cities.

FINANCING -- Funding levels budgeted under the Major Continuous Corridors Grant for the six years of the current program are:

PROVINCIAL BUDGET	1979/80	1980/81	1981/82
	$36,500,000	$41,826,000	$44,897,897

	1982/83	1983/84	SUBJECT TO REVIEW 1984/85
	$81,127,000	$45,740,000	$26,000,000

These budgets depend on the status of ongoing and new corridor projects.

TIME FRAME -- The Major Continuous Corridor Grant was implemented in April 1, 1977. The Program continues at least through to the completion of existing agreements.

RAILWAY/HIGHWAY GRADE SEPARATION STRUCTURE

OBJECTIVES

1. To replace funding lost to Alberta cities by the cancellation of the federal program of financial assistance to railway/highway grade separation structure construction.

2. To assist Alberta municipalities in the development and construction of railway/highway grade separation structures conducive to the efficiency and safety of the urban transportation system.

ELIGIBILITY -- This grant is available to the 13 incorporated cities in Alberta.

DESCRIPTION -- The Province contributes toward the cost of constructing necessary separation structures on both roadway and light rail transit systems. The funding formula is as follows:

1. For separation structures on approved major continuous corridors through cities - 90% of eligible costs after the railway's contribution;

2. For separation structures on the approved arterial roadway network - two-thirds of eligible costs after the railway's contribution;

3. For separation structures on light rail transit lines, whether road/rail or rail/rail - two-thirds of eligible costs after the railway's contribution.

The railway's contribution will be negotiated jointly by the City and the Province on a project-by-project basis.

FINANCING -- Funding available under the Railway/Highway Grade Separation Structure Grant was $7,500,000 per year from 1979/80 to 1982/83 and $4,405,000 in 1983/84. The funding for 1984/85 has yet to be determined.

TIME FRAME -- This grant was implemented on April 1, 1979 and continues to March 31, 1985.

GRANT-IN-LIEU OF PUBLIC TRANSIT OPERATING

OBJECTIVES

1. To reduce or eliminate public transit operating deficits.

2. To contribute to the provision of specialized services for senior citizens, disabled and handicapped persons.

ELIGIBILITY -- This grant is available to the 13 incorporated cities in Alberta, plus the County of Strathcona (Sherwood Park).

DESCRIPTION -- Urban areas receive unconditional grants under this program as a contribution towards any public transit operating deficit and/or towards the provision of specialized transportation services for senior citizens or disabled individuals.

As at the end of fiscal year 1984/85, the Province has committed $74,243,775 to Public Transit Operating Assistance Grants.

FINANCING -- Areas with approved public transit services now receive an annual grant of $10 per capita (which includes a contribution towards senior citizens and/or disabled transportation services). The population figures used are from the population list published by Alberta Municipal Affairs.

Cities without public transit systems receive $2 per capita, based on the population list published by Alberta Municipal Affairs, toward transportation services for senior citizens, disabled and handicapped persons.

PRIMARY HIGHWAY MAINTENANCE

OBJECTIVES -- The Province provides these unconditional grants to assist in the maintenance of provincial highways within the cities' corporate limits.

ELIGIBILITY -- This grant is available to 12 of the incorporated cities in Alberta. The City of Fort McMurray is currently excluded because its one primary highway is maintained by the Province.

DESCRIPTION -- This is an unconditional grant to help defray the cost of maintaining extensions of the primary highway system within City boundaries.

As at the end of fiscal year 1984/85, the Province has committed $14,435,680 to Primary Highway Maintenance.

FINANCING -- The cities now receive an annual grant of $3,000 per lane mile of primary highway within their corporate limits. Levels of funding for the Primary Highway Maintenance Grant have been set as follows over the six years of the current Program.

PROVINCIAL BUDGET

1979/80	1980/81	1981/82

ALBERTA HAMLETS STREETS ASSISTANCE PROGRAM

OBJECTIVES -- To provide special assistance for improving streets in Alberta Hamlets within Municipal Districts, Counties, Improvement Districts and Special Areas.

ELIGIBILITY -- This program is only available to those areas of land that are officially designated as hamlets.

DESCRIPTION -- The types of street improvements which will be eligible for this funding will include construction of lasting street and sidewalk facilities serving both road users and pedestrians. These improvements will include grading, gravelling, acceptable quality oil treatments, stabilized gravel base/paving, concrete sidewalks, curbs and gutters, roadway storm sewers and drainage systems, bridges, traffic signs and signals and street lighting. Applications must be submitted by the appropriate rural municipality on behalf of the Hamlet.

FINANCING -- Eligibility for assistance is based on $30,000 basic grant plus $60 per capita for Hamlets with populations of 100 or more; and $10,000 basic grant plus $60 per capita for Hamlets with populations of 50 to 100. Hamlets with populations of less that 50 will be reviewed on an individual basis by Transportation Regional staff in co-operation with rural Councils to ascertain whether assistance is warranted.

A Ministerial Order designating the hamlet boundaries and a Statutory Declaration of population are required with application for the program.

CULVERT INSTALLATION ASSISTANCE

OBJECTIVES -- To provide technical and financial assistance to Counties and Municipal Districts with large culvert installations 1.5 metres (5 Feet) in diameter or larger which serve in lieu of bridges.

ELIGIBILITY -- This program is primarily available to Counties and Municipal Districts. Assistance is also provided to towns and villages when such installations are on road allowances or on through streets in lieu of road allowances.

DESCRIPTION -- In late summer, Alberta Transportation accepts requests from municipalities covering their requirements for bridge structures. Selection and priority for assistance is determined on the basis of a demonstrated need to the extent that funding is available.

This assistance will pay toward such costs as preparation of foundation, assembly of culvert, backfill under haunches and rip rap. It does not cover the cost of grading approaches or machine placed fill in the grade over the pipe.

FINANCING -- Alberta Transportation will contribute towards the acceptable installation of large culverts 1.5 metres (5 feet) in diameter or larger and will supply the necessary culvert material at no cost to the Road Authority. This contribution is paid only if the design specifications and instructions are adhered to.

PROVINCIAL BUDGET -- No specific yearly funding levels established due to major fluctuations of need.

TIME FRAME -- This is an ongoing program of the Provincial Government that has no known termination date.

PUBLIC TRANSPORTATION OPERATING ASSISTANCE GRANT PROGRAM

OBJECTIVES -- To provide to the municipalities without public transit, assistance which is to be used:

- as a contribution in the establishment of specialized transportation services for senior citizens, the disabled and the handicapped,
- as a contribution towards subsidization or upgrading of existing taxi, bus, rail or air transportation services for the benefit of senior citizens, the disabled and the handicapped.

ELIGIBILITY -- This program is available to all Alberta municipalities without established public transit services.*

DESCRIPTION -- This grant is to be used in assisting with the transportation of senior citizens, the disabled and the handicapped. It may be used to establish or assist in the establishment of a particular transportation service or the direct subsidization or upgrading of existing taxi, bus, rail or air services.

FINANCING -- Towns, Villages, Municipal Districts, Counties, Improvement Districts and Special Areas without public transit will receive $2 per capita yearly based on their population.

The population figures used in the grant calculations will be in accordance with the most recent confirmed figures published by Alberta Municipal Affairs.

The total 1983/84 unconditional grants-in-lieu of transit operation assistance and contributions for transportation to senior citizens and handicapped persons is $1,528,346.

TIME FRAME -- This program was implemented on April 1, 1979 and will expire on March 31, 1985.

GRANTS TO COUNTIES AND MUNICIPAL DISTRICTS

OBJECTIVES -- To assist the Counties and Municipal Districts with construction projects involving upgrading, gravelling, and paving with an aim to improve the road network to a standard that will satisfy the traffic demand and need.

ELIGIBILITY -- This program is available only to the Counties and Municipal Districts in Alberta.

DESCRIPTION -- Program allocations are calculated by formula. Factors considered in the calculation of grant money assigned to Counties and Municipal Districts on an annual basis involve population, equalized assessment, miles of opened road (including local and secondary roads less miles of paved roads) and a terrain factor that takes into account difficult construction problems. Projects are prepared on an Articles of Agreement form and are reviewed by the District Transportation Engineer with each Council.

FINANCING -- The Department funds 100% of the project up to the amount of the municipalities' formula eligibility. 50% of the funds are advanced by cheque as soon as a signed Trust Agreement is received from the municipalities. The balance is paid once the work is completed and inspected.

PROVINCIAL BUDGET	1982/83	1983/84	1984/85
	$25,087,600	$25,087,600	$25,487,600

TIME FRAME -- This is an ongoing program of the Provincial Government that has no known termination date.

RAILWAY CROSSING IMPROVEMENT PROGRAM

OBJECTIVES -- To assist municipalities with their share of the capital cost of improving railway crossings on roads under municipal jurisdiction - excluding roads under city administration.

DESCRIPTION -- The program is designed to improve safety at existing railway crossings. The department provides financial assistance for the installation of automatic protection signals, clearing of sight lines, improving of grades, etc. The program also provides for technical assistance by the department in obtaining new railway crossings. No financial assistance is provided for new crossings.

Municipalities must apply to Alberta Transportation to make their needs known. Alberta Transportation, in turn, will forward the application to the Railway Transport Committee of the Canadian Transport Commission and provide any engineering or technical information required.

FINANCING -- At crossings on secondary roads, the Department pays 100 percent of the road authority's share (municipality's share) of the cost of the improvement.

At crossings on other local roads, the Department pays 50 percent of the road authority's share of the cost of the improvement.

The Department does not contribute toward the cost of maintaining crossings or automatic protection signals.

PROVINCIAL BUDGET -- Not available as these costs are included with other expenditures in municipalities.

TIME FRAME -- This is an ongoing program of the Provincial Government that has no known termination date.

ENGINEERING ASSISTANCE GRANT

OBJECTIVES -- To provide financial assistance to Counties and Municipal Districts for the required engineering work associated with regular road grant projects.

ELIGIBILITY -- This program is available to all Counties, Municipal Districts and Special Areas in Alberta.

DESCRIPTION -- Allocations are based on the level of the municipality's Regular Road Grant allocation. Projects proposed for this grant are submitted to the District Transportation Engineer and if approved an Article of Agreement is prepared to cover the projects. This grant can be used to engage private engineering consultants or to cover engineering services provided by Alberta Transportation. If department engineering services are utilized the appropriate costs are deducted from the municipal allocations.

FINANCING -- The Department funds 100% of the project's eligible costs up to the amount of the municipality's allocation. Claims for the funds are submitted to the District Transportation Engineer upon completion of the projects covered under the Articles of Agreement.

PROVINCIAL BUDGET	1982/83	1983/84	1984/85
	$665,000	$665,000	$665,000

TIME FRAME -- This is an ongoing program which has no known termination date.

STREETS ASSISTANCE PROGRAM

OBJECTIVES -- To assist Alberta's Towns, Villages and Summer Villages with required capital road and street improvements.

ELIGIBILITY -- The program is available to all Towns, Villages and Summer Villages in the Province.

DESCRIPTION -- The projects which are eligible for funding under the program are; road and street grading and regrading, gravelling, base course, paving, concrete sidewalks, curbs and gutters, storm sewers, bridges, traffic control devices and street lighting. All projects submitted for approval must be to acceptable design and operational standards to meet the desired requirements. All construction firms and equipment engaged on projects eligible for funding must be from the private sector. Maintenance projects and operations are not eligible under the program.

FINANCING -- Every town, village and summer village with a permanent resident population of 100 or greater is eligible to receive a base grant of $45,000 plus a per capita grant of $80 during the term of the program.

Summer villages with a permanent resident population of less than 100 are eligible to receive a base grant of $15,000 plus a per capita grant of $80 during the term of the program.

Alberta Transportation will fund 75 percent of the construction costs and 50 percent of the engineering costs of approved projects. The municipalities will be responsible for 25 percent of the constrution costs and 50 percent of the engineering costs.

The population figures utilized in the grant calculations will be in accordance with the most recent confirmed figures published by Alberta Municipal Affairs at the date of approval of the projects under the program.

ALBERTA UTILITIES and TELECOMMUNICATIONS

UTILITIES OFFICER PROGRAM

OBJECTIVES -- To make the services of a knowledgeable individual available to rural municipal authorities to assist in the organization, development and regulation of utilities within their jurisdictional area.

ELIGIBILITY -- Available to all Municipal Districts, Counties, Improvement Districts, and Special Areas in the Province within which there is a substantial rural gas utility either in operation or under consideration.

DESCRIPTION -- The utilities officer to be qualified through attendance and passage of a training course provided by the Department of Utilities and Telecommunications in order to be available for advice and assistance to ratepayers within the local government authorities' jurisdictional areas, and also to assist the local council with the setting out and administration of appropriate and applicable regulation of all types of utilities. Grant support is to apply only to direct utility-related functions. Budgets and expenditure statements are required to be submitted to the Department of Utilities and Telecommunications, including separation of costs of different functions, if applicable.

FINANCING -- Up to $15,000 per year is available to each rural municipal authority based on submission of a budget and an actual expenditure statement at the end of each calendar year. All costs in excess of this amount are to be borne by the local employing authority.

PROVINCIAL BUDGET	1983/84	1984/85
	$825,000	$840,000

TIME FRAME -- This program was instituted in conjunction with the Rural Gas Program in 1973. It is seen as a continuing program with no known termination date.

NORTHERN SUPPLEMENTARY FUND ASSISTANCE PROGRAM

OBJECTIVE -- To provide funding in northern Alberta for initiating or improving water and sewage facilities where, even with local revenues and other sources of income, the costs of projects are far in excess of the provincial norm.

ELIGIBILITY -- Available to municipalities within the jurisdiction of the Northern Alberta Development Council.

DESCRIPTION -- Preference will be given to communities with a demonstrated health problem, low tax base, and insufficient sources of other funds so as to render the project financially feasible.

Funding is approved in Alberta Utilities and Telecommunications' budget, with each annual allocation schedule approved by the Rural Development Cabinet Committee upon recommendation of an interdepartmental committee. The interdepartmental committee is chaired by the Northern Development Branch of the Northern Alberta Development Council under the Department of Tourism and Small Business. It is attended by the Departments of Utilities and Telecommunications, Environment, Municipal Affairs, Native Affairs, Advanced Education, Housing, and Energy and Natural Resources.

Under this program:

1. the interdepartmental committee recommends allocations for each fiscal year based on information received through the departments represented on the committee. Feasibility studies are of assistance in helping to allocate the funds.

2. The municipality applies for the grant after funding has been allocated in the budget for the applicable fiscal year.

3. Terms and conditions are attached to the grant allocation specifying its use and procedures to be taken if it is not used.

FINANCING -- The grant is paid in one installment for each fiscal allocation.

PROVINCIAL BUDGET

1984/85	1985/86	1986/87	1987/88
$5,360,000	$3,360,000	$3,360,000	$1,680,000

TIME FRAME -- This fund was implemented in 1977 and has been extended to 1987/88.

ALBERTA PHOSPHORUS REMOVAL GRANT PROGRAM

OBJECTIVES -- To assist municipalities with the capital cost of installing phosphorus removal facilities as part of their sewage treatment system.

ELIGIBILITY -- The program is administered by Alberta Utilities and Telecommunications, with the need for phosphorus removal facilities at sewage treatment plants being determined with the cooperation of Alberta Environment. Municipalities directed to install phosphorus control facilities are deemed eligible for assistance from this program.

ELIGIBLE COSTS -- The capital costs of all facilities directly or indirectly associated with phosphorus removal facilities are considered eligible costs. Depending on process(es) used to control phosphorus, these facilities could include:

a) Chemical handling and storage facilities.
b) Chemical feed equipment.
c) Additional clarifier capacity.
d) Additional sludge handling, treatment and disposal capacity or equipment.
e) Additional metering capacity or equipment.
f) Additional piping capacity.

When facility costs are only partially attributable to phosphorus control, eligible costs are determined according to the following formula:

$$\frac{\text{Capacity (size) required considering phosphorus removal} - \text{Capacity (size) required if phosphorus removal was not required}}{\text{Capacity (size) required considering phosphorus removal}} \times \text{Total capital cost of required unit}$$

Note: The Phosphorus Removal Grant Program is intended to assist only on the initial implementation of phosphorus control facilities at a sewage treatment plant and will not provide financial assistance on future expansions to these facilities.

FINANCING -- The demand for financial assistance may exceed the available budget, and it is therefore stressed that this program will be administered on the basis of funding being provided only to projects as priorized by the Government of Alberta. Municipalities must not assume that they will receive financial assistance until they have entered into an agreement that has been signed by the Minister of Utilities and Telecommunications.

The formula developed for the program is based on the construction costs of eligible phosphorus removal facilities. The municipality must incur an expenditure of $20 per capita on phosphorus control works before becoming eligible for a phosphorus removal grant. The province will then provide a grant of 90 percent of all eligible costs above the $20 per capita qualifying amount. The program does not have an upper limit on assistance; however, the total program budget may limit the financial assistance available in any given year. The $20 per capita qualifier amount is scheduled to remain fixed through the six-year life of the program.

PROGRAM BUDGET	1984/85
	$1,000,000

TIME FRAME -- This assistance program was established in September of 1980 and is scheduled to terminate March 31, 1986.

ALBERTA MUNICIPAL WATER SUPPLY AND SEWAGE TREATMENT GRANT PROGRAM

OBJECTIVES -- To assist municipalities with the capital cost of installing modern and adequate facilities for water supply and sewage treatment.

ELIGIBILITY -- Cities, Towns, Villages, Hamlets and Summer Villages established under the Municipal Government Act are eligible for assistance from this program. In addition, the Minister may require that the appropriate municipal grants be directed to the regional authority where it has been demonstrated that the implementation of a regional water and/or sewage scheme is the most cost-effective and environmentally sound proposal. Cooperatives are not eligible under this program and should refer their situation to the County, Municipal District or Improvement District in which they operate.

DESCRIPTION -- Municipalities eligible for assistance will be considered in two categories: Firstly, those which are upgrading or replacing their present supply and treatment facilities, and secondly, those which are installing new municipal waterworks and/or sewage systems where previously there were none.

EXISTING FACILITIES (Sewage) -- In an existing sewage system, the following components can be claimed for financial assistance:

a) A trunk sewer from the end of the collection system to the sewage treatment facility.

b) A sewage treatment facility.

c) An outfall from the sewage treatment facility to the point of final discharge.

EXISTING FACILITIES (Waterworks) -- In an existing waterworks system, the following components can be claimed for financial assistance

a) A raw water intake and supply line, including wells.

b) A water treatment facility.

c) A water storage facility.

d) A water transmission line, from the treatment plant and/or storage, up to the distribution system.

NEW FACILITIES -- Components acceptable for assistance in a new system include those listed above for an existing system and, in addition, a sewage collection and/or waterworks distribution system up to, but not including, the individual connection at the property line.

FINANCING -- The demand for financial assistance may exceed the available budget, and it is therefore stressed that this program will be administered on the basis of funding being provided only to projects as priorized by the Government of Alberta.

First-dollar sharing of costs was introduced in July 1983. Project costs are shared on a 75/25 provincial/municipal basis for the first 600 persons, and on a 50/50 basis for the population from 601 to 100,000. The grant calculations take into consideration the accumulated costs of projects which have received grants since the introduction of the program in April 1979. Municipalities receiving assistance from this grant program will be encouraged to support Alberta companies supplying goods and services to the waterworks and sewage industry.

Smaller communities often find the costs of their projects far exceeding the maximum grant available. To accommodate the smaller communities, the grants will now vary according to population.

The upper limit remains at $2,100 per capita for communities of 600 or more population. Communities of less than 600 population will be eligible for a proportionately larger grant. In this instance the formula is $2,100 + $5(600 - population) for the upper limit. For example, a community with a population of 300 would have an upper limit in the program of $2,100 + $5(600 - 300), or $3,600. Communities will be eligible for this increased upper limit of financial assistance only if the long-term financial viability of the project can be verified. Now all communities, regardless of size, will be reasonably assured of the opportunity of having affordable water and sewage systems.

The specific grants will be calculated by the Department of Utilities and Telecommunications in accordance with established priorities and criteria. Municipalities must not assume that a grant will be provided until such time as written confirmation of said grant is received from the Minister of Utilities and Telecommunications.

PROVINCIAL BUDGET	1984/85
	$40,000,000

TIME FRAME -- This assistance program was implemented on April 1, 1979 and is an ongoing program of the Provincial Government.

REGIONAL WATER AND SEWAGE PROGRAM

OBJECTIVES -- To provide cost-effictive and environmentally acceptable water and sewage facilities.

ELIGIBILITY -- The following criteria is used to establish eligibility under the Regional water and Sewage Grant Program:

1. The urban and rural municipalities serviced must be considered a municipality under the Municipal Government Act.

2. The development of regional schemes are more cost-effective and/or environmentally desirable than independent schemes.

DESCRIPTION -- The Minister of Utilities and Telecommunications is responsible for the implementation and interpretation of the program which will be administered by the Department of Utilities and Telecommunications.

Under this program:

1. The Department may conduct studies to determine the feasibility of regional water and/or sewage schemes for specific areas of the Province. The studies can either be initiated by the Department where it deems that a regional system may be beneficial or upon request by a group of municipalities.

2. Implementation of the recommendations of a regional water or sewage study may be undertaken by:

   a) The municipalities involved in the regional concept. The terms and conditions of the Municipal Water Supply and Sewage Treatment Grant Program would apply after construction is completed, or

   b) The Department of Utilities and Telecommunications which would initially provide funds for the design and construction of the required facilities. Once completed, the facilities would be turned over to the municipalities, and the terms and conditions of the Municipal Water Supply and Sewage Treatment Grant Program applied, with the municipalities reimbursing the Province the applicable amount.

3. The Department will, where deemed appropriate, negotiate with any municipality for the purchase of any portion of a facility or establish any new facility that is required in a regional concept. This cost shall be included in the overall cost of the regional system.

4. Where a municipality or municipalities are developing a water and/or sewage facility, and the Department considers it appropriate to build excess capacity into the facilities for future users, the Department may require such oversizing and will compensate the municipality at an appropriate cost.

5. In regional systems, boards or regional authorities, composed of the user municipalities, may be established for the management, administration and ownership. These boards could be established by legislation as corporate entities. Until legislation is passed, the user municipalities shall be responsible for the operation, maintenance and administration of the regional systems. Formally established regional water and sewage boards will permit more effective implementation and financing of water and sewage facilities than is presently available under existing arrangements.

6. The Alberta Municipal Water Supply and Sewage Treatment Grant Program will be available to the boards for financial assistance. In order to keep the program equitable, the Department will consider the water and sewer debt position of individual member municipalities for eligible works that would normally qualify under the program (i.e. treated water reservoirs, sewage outfall lines) and take this into consideration when assessing the provincial grant.

FINANCING -- The method of grant calculation is the same as for the Alberta Municipal Water Supply and Sewage Treatment Grant Program. Accumulated project costs with respect to the Alberta Municipal Water Supply and Sewage Treatment Grant Program and used in the calculation of regional grants and vice versa.

PROVINCIAL BUDGET	1984/85
	$34,100,000

TIME FRAME -- This assistance program was implemented on April 1, 1979 and is an ongoing program of the Provincial Government.
